

# COVID-19 Guidelines – Please Read Before Entering

All CDC guidelines must be observed, e.g.,

- If you are sick, do not enter; seek medical attention.
- People with underlying health concerns should not participate in range activity.

Social distancing, no less than 6 feet, must be observed while in the retail store and ranges.

## Range Usage

- ‘Walk-Ins’.... Please proceed to Range check-in desk to obtain range time.
  - o Social Distancing to be Observed – All customers in the building must maintain a reasonable distance from others. If necessary, you may be asked to wait outside or in vehicle; Range personnel will alert you with lane availability via mobile phone.
- Appointments (Large Groups / Multiple Lanes Only)
  - o Range users in larger groups and/or needing multiple lanes should call for an appointment for range sessions.

Semper Fi Firearms and S & D Indoor Range will monitor and enforce a 50% occupancy. Aside from the retail area, the enforcement of a limited number of occupancy will extend in the ranges\*.

- o Due to the partition and negative air pressure, more than the 50% occupancy can be maintained in the firearm range.

Those entering the range will use the business’ front / main door, and exit via the archery side door. Indicators will be in place on floor and doors indicating directional ‘travel flow’.

While staff must use PPE, including masks, the use of PPE is strongly suggested by all those entering the building.

No one is allowed into gun range until system is fully operational, that is, the normal negative air flow is fully attained.

Store / range personnel will regularly disinfect shared surfaces, i.e., door handles, PoS equipment, range distance switches, safety equipment, etc..

**EFFECTIVE 7/09/2020, Per KY Governor Mandate – All Entering this Establishment, MUST Wear a Mask; Some Sort of Face Covering.**
